Maintenance of Water Supply and drainage works at Chikmagalur Town

Sir

I have the honour to state that the Deputy Commissioner Kadur district has proposed in his letter No A 3 C 457/37-38 dated 5-12-1942 addressed to the Superintending Engineer, Shimoga Circle (copy herein enclosed) that the above works may be transferred to the Bureau of Sanitary Engineering, Bangalore for maintenance The Superintending Engineer, Shimoga Circle is agreeable to the proposa and I also concur with him The Director of Public Health who was consulted is agreeable to the proposal (vide copy of letter dated 15/16-3-43 herein enclosed) In the concluding para of the above letter it is mentioned that it would also be essential for the - - Deputy Commissioner to approach Government with a request for the transference of the works With regard to this observation it may be stated that the Deputy Commissioner Kadur District has ~~xxxx~~ - - addressed the Executive Engineer Kadur Division in the matter in his letter dated 5-12-1942

2 Under the above circumstances I request you kindly to communicate the approval of Government thereto

I have the honour to be,
Sir,
Your most obedient servant,

Chief Engineer of Mysore 3/7/43

KS/28-1

Letter No A 3 C 457/37-38 dated 5-12-1942 from the Deputy Commissioner, Kadur District, to the Superintending Engineer, Shimoga Circle Shimoga

I have the honour to state that the Town Municipal Council Chikmagalur have resolved at their meeting held on the 22nd August '42 that the maintenance of the water supply and drainage works at Chikmagalur town may be handed over to the Sanitary Department who will be able to mamage it satisfactorily the work being of a technical nature The Sanitary Engineer with whom I discussed the subject is agreeable to the proposal I understand that he~~the~~ P W D has some difficulties to attend to their normal duties and that the have no objection to transfer the charge of these works I reques you therefore to kindly close the accounts and hand over the materials with stock etc , as also the sanctioned ~~xxxxx~~estimates to him I am sending a copy of this letter to the Director of Public Health for favour of necessary action in the matter

---

Letter No C 173-18 dated 15th/16th March 1943 from the Director of Public Health in Mysore Bangalore, to the Chief Engineer of Mysore Bangalore

---

Regarding

Regarding - Transference of the maintenance of water supply and drainage of Chikmagalur Town

---

With reference to your letter No 11536/1 dated the 7th January 1943 requesting my views regarding the transferance the maintenance of the above works to the Bureau, I have the honour to inform you that it is desirable for the sanctioned works, both of water supply and drainage, which are now under execution by Public Works Department to be completed according to the estimates now on hand It would be easier for further works which may have got to be taken up thereafter being taken over by the bureau If the works should be taken charge of in an incomplete state, there would be a lot of confusion in getting through the works and also in accounts It has to be further added that when the water supply is transferred to the Bureau of Sanitary Engineers no better quality of water than what is now being supplied could be given unless improvements to the existing supply could be effected with extra expenditure

Before final transfer it would also be essential for the Deputy Commissioner to approach Government with a request for the transfererc of the works
